

Solid Wood Table & Bench Set

A compact and elegant alternative to the traditional beer table set.
Architect and designer Georg Bechter designed this flexible table bench set in 2009. A convincing design with its classic construction using horizontals and pegs with lateral wedging. Self-explanatory, easy to set up and dismantle.
The table top is made of silver fir, the base is elm hardwood.

Design: Georg Bechter
Year: 2009
Material: silver fir / solid elm with watered or oiled surface
Dimensions: Table 1800 x 640 x 740 mm / Bench 1800 x 300 x 455 mm
